

## Enercare Centre (HALL A) Loading Dock Directions

Hall A has its own logistics dock on Nunavut Rd and finding it shouldn't be an issue. There are 2 entry gates to the loading dock, only one will be open for the event for security reasons (Pictured Below)

Once you've entered the loading dock area, drive right into the venue using the large entry door directly lined up with the open gate. You'll exit the venue using the second entry door to the left of the main entry door.

Address: The loading dock doesn't have an address so please make your way to Nunavut Road, the road is very short and you'll have no problem finding the loading dock entrance from this road.

Alternatively, you could enter Coca-Cola Coliseum into your navigation app, which is located 200 feet from the Hall A loading dock as well.
